Dear Ms Schwarz,

This letter is in regards to the June 16, 2014 compliance check of your Category C, Registered Child Development Home. Iowa Code Chapter 237A and 441 Iowa Administrative Code, Chapter 110, describes specific requirements that must be met by a Registered Child Development Home. The following areas were out of compliance at the time of my visit:

If a basement window is used as an exit, the window is openable from the inside without the use of tools.

**Provider estimates egress window should be completed in August or September 2014.
Provider has a contractor arranged, obtained an estimate, and is waiting for approval of QRS grant.**

Provider has agreed to have own pre-school age child sleep downstairs during nap time.

☐ 110.10(3)c The window provides a clear opening of not less than 20 inches in width, 24 inches in height, and 5.7 square feet in area.

☐ 110.10(3)c The bottom of the window opening is not more than 44 inches above the floor with permanent steps inside leading up to the window.

Non-compliance with any of the mandated regulatory requirements listed above may lead to the cancellation or revocation of your Child Development Home Registration. **Please take whatever steps are necessary to completely address each of the violations noted above. It is essential you correct all above-mentioned violations on or before _____.**

☐ Based on the items out of compliance listed above, you will be required to have a re-check or follow-up visit to your home. This visit will occur on or after August 4, 2014.

x ☒ Based on the items out of compliance listed above, a re-check or follow-up visit to your home is not necessary. However, it is essential you come into complete compliance with all Departmental regulatory mandates. **Please check mark each of the boxes listed above when the necessary corrections have been completed. By doing so, you certify that you have completed all of the mandated regulatory requirements contained within each identified section.**
